Industrial Chic

Simple and practical paired with vintage flair, Industrial Chic finds beauty in distressed and eclectic pieces that tell a story. Modern metallics with a matte finish or a hint of tarnishing create this look.

What will you create?

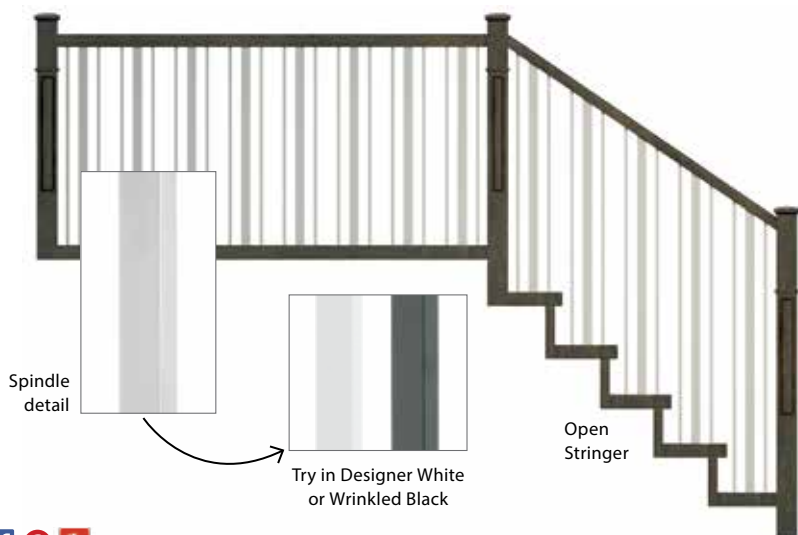

The TimeLine® Designer

Visualize and create a design that reflects your personal style—whether it's the bold, contemporary look of Modern Luxe or the natural and relaxed feel of Coastal Cool. The TimeLine Designer is an interactive tool where you can imagine, create and select in four easy steps. Visit **thetimedesigner.com**.

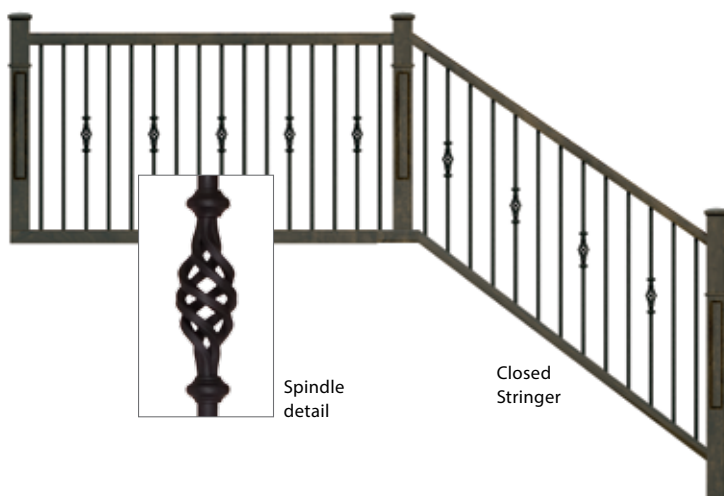

- 
1 Choose your layout
- 
2 Choose your spindles
- 
3 Drag and drop
- 
4 Email us your selection

Create a contemporary look using a combination of square and rectangular spindles. For a staircase that has visible treads and risers, select the “open stringer” layout in the dropdown menu, then select your spindles and simply drag and drop into place.

For staircases where treads and risers are concealed, select the "closed stringer" layout in the dropdown menu. Create a custom look by alternating between plain or collared spindles in a variety of combinations.

Colors and Finishes

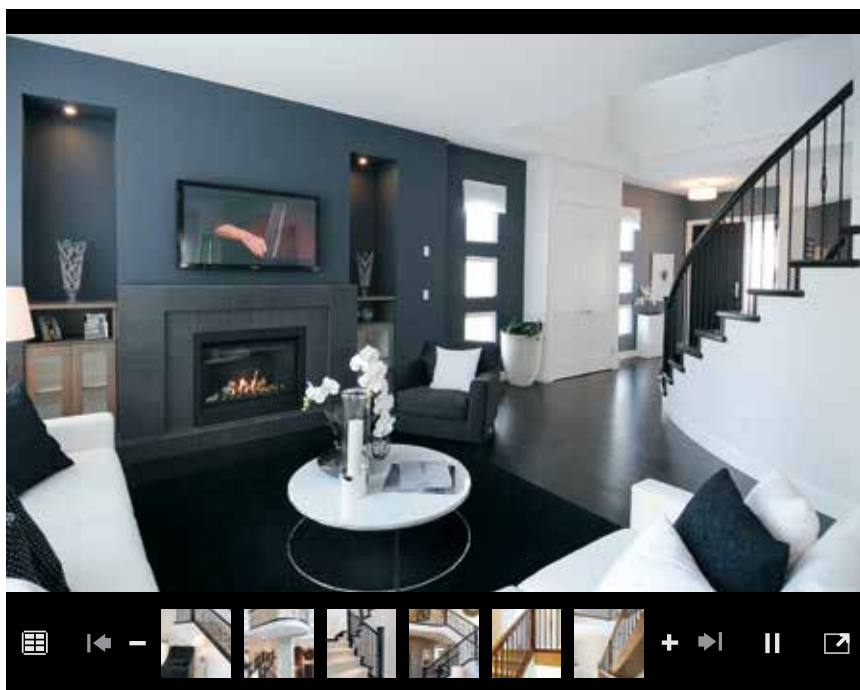

TimeLine spindles are available in a variety of finishes. Choose from high-performance powder coating in a range of color options, modern metallics finished by means of an exclusive five-step technique, or cool and contemporary stainless steel.
